

October 7th, 2020

Dear Residents and Family/Friends,

My last letter to you was all the way back in August. As the saying goes, no news is good news and we remain free from COVID-19 at Seton Villa. Thank you everyone for following Dr. Bonnie Henry's orders to social distance, wash your hands, and keep your bubble small by limiting the number of people you interact with. As we hear about many care homes and seniors' residences around us experiencing outbreaks, I feel so proud and appreciative to everyone, **particularly our staff**, for being so careful. If you get a chance, thank the people around you for what they are doing to keep our community safe.

A reminder for residents to please wear your face mask when you are out of your room. Your fellow residents appreciate this and have asked me to remind you in this note. This simple act will help you protect others around you.

We have good news regarding family visits. We have doubled the amount of screening we can do so there are more spaces available. We have also expanded the hours over mealtimes. A reminder that the same rules apply; good hand hygiene, social distancing and wearing a mask throughout your visit. Visits are only to take place in your loved one's room, please and thanks.

Residents, please be sure to advise staff at the screening table in the lobby of any trips you take out to the public. We are keeping track of all outings by residents as per Fraser Health in the case of a Covid outbreak.

I want to take this opportunity to wish you a very happy Thanksgiving. We have so much to be thankful for. And, as Bonnie says, be safe, be kind and be calm.

Best,

Michele Cook

Executive Director
