

January 13th, 2021

Dear Residents and Family/Friends,

I hope you had a safe and enjoyable holiday season. I want to take this opportunity to wish you a very happy and healthy 2021.

I heard from so many residents that this was one of the nicest Christmas's ever at Seton Villa. Thanks goes to our wonderful staff who gave it their all to make sure the meals and Christmas gifts were extra special and beyond everyone's expectations. Also, a big thank you to residents who helped wrap and distribute all the 230 gifts. Many thanks to all our friends, community businesses, and schools for all the wonderful donations.

We continue to be free of COVID-19 at Seton Villa. Thank you for the exceptional job you have done to be safe; for following Dr. Henry's orders and recommendations, for wearing your mask and washing your hands.

Great news about the vaccine! To date, we have had about one-third of our staff immunized with the first dose of vaccine. This Friday Fraser Health will be holding a vaccine clinic here at Seton Villa. Starting at 10am, residents and one designated family/friend visitor will be able to get vaccinated (as capacity allows that day).

Residents: You will be called up by your floor, stay tuned for more information.

Designated Visitors: If you would like to sign up for the vaccine, please fill out the "Paris" form attachment and return to Diane Miller, Director of Care, before 1pm, Thursday January 14th by email dmiller@setonvilla.com or fax 604-291-9936.

Designated visitors, as soon as we know how Fraser Health will be scheduling your vaccine appointment for this Friday, we will let you know.

Let's all take care of each other as we get through this together.

Best,

Michele Cook
Executive Director
